

Dangerous Apps

ASK.FM

ASK.FM is known for cyber bullying. App encourages users to allow anonymous users to ask them questions.

BADDOO

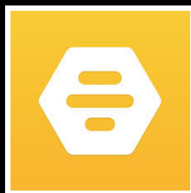

BADDOO is a dating & social networking app where users can chat, share pics & video, & connect based on location.

BEST SECRET FOLDER

BEST SECRET FOLDER is specifically designed to HIDE photos & videos. It features password protection, decoy videos and alarm settings.

BUMBLE

BUMBLE is similar to popular dating app TINDER. However it requires women/girls to make the first contact. Kids have been known to use BUMBLE to create fake accounts & falsify their age.

CALCULATOR%

CALCULATOR% is only one of MANY secret apps used to hide photos, videos, files & browser history.

GRINDR

GRINDR is a dating app geared towards gay, bi & transgender people. The app gives users options to chat, share pics & meet up based on phone's location.

HILY

HILY is a dating app. Users can browse photos, chat, send private videos & more. Strangers can arrange to meet up locally based upon phone's location.

HOLLA

HOLLA is a self-proclaimed "addicting" video chat app that allows users to meet people all over the world in mere seconds. Users claim to be confronted with racial slurs, explicit content & more

HOT OR NOT

HOT OR NOT encourages users to rate your profile, check out people in their area & chat with strangers. The goal of this app is to hook up.

KIK

KIK allows anyone to contact & send pics, videos & direct messages. Kids can bypass traditional text message features. KIK gives unlimited access to anyone, anywhere, anytime.

LIVEME

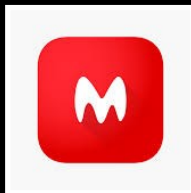

LIVE.ME is a live-streaming video app using geolocation to share videos so users can find out a broadcaster's EXACT location. Users can earn 'coins' as a way to 'pay' minors for their photos.

MEETME

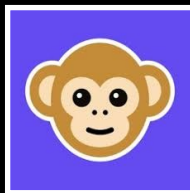

MEETME is a dating app that allows users to connect with people based upon geographic proximity. As the name suggests, users are encouraged to meet each other in person.

MOCOSPACE

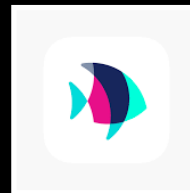

MOCOSPACE is a free social networking & dating app geared towards African American & Latino communities. Users can connect with strangers worldwide via text & voice calls.

MONKEY

MONKEY is a live video chat app connecting strangers worldwide. It offers group chat & private messaging. Geared towards 12 & up, it also claims "mild sexual content & nudity."

PLENTY OF FISH

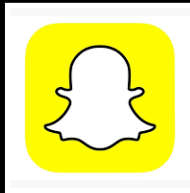

PLENTY OF FISH is a popular dating app & website that encourages chatting with strangers. It allows users to view profiles based upon location.

SKOUT

SKOUT is a location-based dating app. While users under 17 are restricted from sending photos, users can easily get around this by using a fake birthdate.

SNAPCHAT

SNAPCHAT is one of most popular apps for youth. While app promises that users' pics/videos will disappear, new features allow users to record & save photos & videos shared with them.

TIKTOK

TIKTOK is an app allowing users to create & share short videos. With very limited privacy controls, users are vulnerable to cyber bullying & explicit content.

WHATSAPP

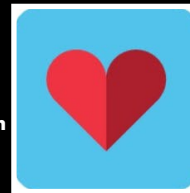

WHATSAPP is popular messaging app allowing users to send texts, pics, voicemails, make calls & video chat worldwide using internet connections on phones & computers.

WHISPER

WHISPER is an anonymous social networking app that promotes sharing secrets with strangers. It also shares users' locations to allow them to meet in person.

ZOOSK

ZOOSK is a location-based dating app similar to many others. It is available in 80 countries & is designed to match users with random strangers.
